No.FST-Lit/14/2021(7268750)

Dated:20.06.2025

Subject: Monthly Progress Report by States/UTs, pursuant to the Hon'ble NGT order dated 24.09.2020 in the matter of OA No.673/2018 for the month of May, 2025.

Sir,

With reference to the subject captioned above, I am directed to forward herewith a copy of Monthly Progress Report (as per revised format) in respect of Union Territory of J&K, for the month of May, 2025 for favour of information and further necessary action.

The data in the Monthly Progress Report has been compiled after receiving inputs from stakeholder Departments viz. Housing & Urban Development Department, Mining Department, Department of Rural Development & Panchayati Raj, PCCF & HoFF, J&K and J&K Pollution Control Committee.

Yours faithfully,

(Ambika Bali)JKAS

Under Secretary to the Government

Encl: As above.

Copy along with enclosure to the:-

1. Member Secretary, Central Pollution Control Board, New Delhi.
2. Member Secretary, J&K Pollution Control Committee.
3. PS to Financial Commissioner (ACS), Jal Shakti Department.
4. PS to Commissioner/Secretary to the Government, Housing & Urban Development Department.
5. PS to Commissioner/Secretary to Government, Mining Department.
6. PS to Administrative Secretary, Department of Rural Development & Panchayati Raj.
7. PS to PCCF & HoFF, J&K.

Revised format for submission of Monthly Progress Report in the NGT Matter OA No. 673 of 2018 (in compliance to Hon'ble NGT Order dated 24.09.2020)

For the month of May-2025

National Mission for Clean Ganga
(Ministry of Jal Shakti, GoI)

I	<u>Total Population</u> : Urban Population & Rural Population separately.	a. Urban Population = 41.26 lac (Projected 2026) b. Rural Population = 114 lac

XIV	Latest water quality polluted river, its tributaries, drain with flow detail and ground water quality in the catchment of polluted river.		The monitoring of water quality in the River Jhelum, Chenab etc. and their tributaries, drains with flow pertains to the Pollution Control Board, UEED & LCMA (H&UDD) J&K, ERA (PD&MD). However, wherever surface water resources are tapped for drinking water purpose, interventions by way of Rapid Sand filtration Plant and Chlorination is restored to make the water potable. Due care is taken to test the water being supplied by undertaking water quality tests in testing laboratories set up in each division. Ground water wherever tapped usually does not require chemical treatment but the water is tested prior to being supplied by undertaking water quality test as per established parameters.					
XV	<u>Ground Water Regulation:</u>		The regulation of ground water is mandate of the J&K Water Resources Regulatory Authority under the J&K Water Resource Regulation and Management Act, 2010. The Authority while approving new schemes or monitoring existing schemes can bar or cancel exploitation of ground water if it feels that exploitation of ground water is not in accordance with the provisions contain ned.in JKWRRRA Act, 2010 & Rules –2011.					

		The Ground water regulation is mandated only when the area to be exploited comes under grey zone or black zone. The macro management of Ground Water is prerogative of Water Resources Regulatory Authority which has power to put an embargo on exploitation of Ground Water Resources, should these border on grey or black zones. Besides, the guidelines for regulation and control of Ground Water Extraction in the UT of J&K in consultation with Central Ground Water Authority is under finalization by the JKWRRRA, i.e. a Statutory Authority.
XVI	<u>Good irrigation practices being adopted by the State/UT:</u>	For providing better irrigation facilities to the beneficiaries, various irrigation schemes are under execution with the objective of increasing the irrigation potential and its effective utilization. For this purpose the various schemes under Capex Budget, NABARD Loan Assistance and Centrally Sponsored Schemes are under execution. The focus of these interventions is to prevent losses and provide stable irrigation conveyance system. Lift irrigation system where gravity water is not available or not feasible are also constructed for providing assured irrigation facilities. Further Community participation is also ensured for best / optimum utilization of available water to all beneficiaries.
XVII	<u>Rain Water Harvesting:</u>	In terms of J&K Unified Building Byelaws, 2021, chapter 10, Clause 10.1 to 10.4 the provision of Rain Water Harvesting is there to be followed by the ULBs in the U.T of J&K.
XVIII	<u>Demarcation of Floodplain and removal of illegal encroachments:</u>	The Revenue details of four flood basins which include Hokersar, Nowgam, Hygam and Narkara Numbal have been forwarded to JKWRRRA for notifying them as flood basins along with extents of flood inundation witnessed in 2014 historic flood through ground truthing and flood expanse boundaries mapped on Google Earth. The same is being examined by the authority as per the Act.

	The details of rest three namely 1) Left side flood plain from Sangam to Srinagar, 2) Anchar Lake & 3) Wullar Lake are being sought from the concerned Revenue authorities through the office of the Divisional commissioner Kashmir which too shall be made available to JKWRA. Moreover, Removal of encroachments is a concurrent process and on the didrections of Hon'ble Court in the PIL 02/2014 titled Peer Noor-ul-Haq Vs State & others. The hydraulic study/Flood plain zoning for river Ujh and Sahar Khad in District Kathua has been completed by the Excel Geomatics Pvt Ltd. The delineation process is in progress. Hydraulic study/Flood Plain regulation of River Tawi and Balole Nallah in Jammu District is being carried out by JTRFP. Draft report is under examination. Hydraulic study/Flood Plain regulation of remaining River/Nallahs is in process and after completion of Flood Plain zoning, necessary process for delineation/notification of flood plain zones shall be initiated.																												
XIX	<u>Maintaining minimum e-flow of river:</u> There are no storage reservoirs on the River Jhelum and Chenab, so the minimum environmental flow is assured at all times. The department has a regulating structure at Srinagar known as Chattabal Weir, to ensure navigation during lean season in the upstream besides ensuring the eco-flow on upstream without affecting the conditions in the downstream.

Status of Preparation of Action Plan Does not pertain to J&K
by the 13 Coastal States:

XXV

Regulation of Mining Activities in the State/UT:

1	Feasible Geo-referenced Minor Mineral Blocks of all the River Beds/Nallahs were prepared/carved out and put to e-auction through District Level Auction Committee under Chairmanship of Deputy Commissioner. In total 384 minor minerals blocks have been e-auctioned in J&K UT. Out of 384, 376 have been issued in respect of minor mineral blocks to various Project Proponents. Out of 376, issued, 363 Mining Plans have been approved by the Competent Authority. 67	The Department had successfully e-auctioned 387 Mineral Blocks across the UT of J&K during the year 2019-20 and 2020-21, out of which 380 Letter of Intends were issued in favour of the successful bidders. Out of these 380 Blocks, 200 Mining Leases were granted in favour of the successful bidders besides, 08 Mining Lease reserved/granted in favour of the J&K Public Sector Undertakings (J&K Minerals Ltd. and JKPPCC) after completing all the codal formalities to meet out the key construction material for the requirement of general public as well as Government works viz, National Highways, PMGSY roads, Airport Authority of India, AIIMS, Indian Railways, PWD (R&B), Jammu/Srinagar Ring Road.
---	--	--

	Mining Leases have been granted to various Project proponents in whose favour Environmental Clearance & Consent to Operate have been issued. Moreover, 56 Mining Leases in respect of e-auctioned minor mineral blocks have been operationalized to meet out the construction material requirement of the general public as well as government works such as National Highways, PMGSY Roads, AIIMS etc.													
2	District Survey Reports in respect of all the Districts stands prepared in J&K UT. 1	District Jammu, Kathua, Samba, Doda, Kishwar, Udhampur, Reasi, Poonch, Rajouri, Ganderbal, Baramulla, Shopian and Bandipora.	DSRs approved by JKEIAA												
2	Ramban & Kulgam	DSR of said Districts are approved by JKEAC and forwarded to JKEIAA for final approval.												
3	Budgam, Anantnag, Kupwara, Srinagar, and Pulwama	DSR of said Districts are with Department for rectification as recommended by JKEAC.												
3-	A Replacement studies for updating of District Survey Report has been taken up	Same as above.												

	in various rivers/ nallahs of J&K UT.	
4	Minor mineral blocks in left out/uncovered areas in various rivers/nallahs in J&K UT are being carved out and shall be put to e- auction after seeking NOCs from all Stake Holder Departments as per the guidelines strictly.	During the Year, 2022-23, 2023-24 & 2024-25, the Department has e-auctioned 28 more Minor Mineral Blocks in left out/uncovered areas after obtaining the NOCs under Single Window System (SWS) from concerned Stakeholder Departments as per guidelines/Mining Rules envisaged in SRO-105 of 2016 dated 31.03.2016. Moreover, the Department have identified 83 Minor Mineral Blocks in various Districts of J&K (UT) and sent to the concerned Deputy Commissioners for providing the NOCs of Stakeholder Departments under SWS.
5	All statutory clearances including Environmental Clearance and C.T.O. has been made pre-requisite for grant of any mining lease/ quarry permit/ STP permission.	For the Protection of Environment, the Rule,13 of SRO-105 of 2016 dated 31.3.2016 provides as under:- “Every holder of minor mineral concession shall take all possible precautions for the protection of environment and control of pollution while conducting mining operations in the minor mineral concession area: Provided that before granting Mineral Concession under these rules the Concessionaire shall necessarily submit:- a. Environmental Clearance from the Competent Authority under the relevant Act or rules. b. Consent to establish/operate from J&K Pollution Control Board under Water (Prevention and Control of Pollution Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981”. Provided that no such clearance shall be required in case of Short Terms/Disposal Permit issued to the State Government/Central Government agencies. However, the Department is following all the guidelines/directions/Orders of Hon'ble NGT, Ministry of Environment Forest & Climate Change and Stakeholder Departments issued from time to time while granting Mineral Concessions.
6	Environmental Audit condition as per the Hon'ble NGT directions has been	The Department has incorporated in the Form (ML10) Model Form of Mining Lease Deed at Part-VII, the Condition No. 23

	incorporated in the Mining Lease Deed.	and 24 as under:- 23. Yearly Environment Audit: In every lease of Mine of Minerals there will be independent environmental audit at least once in a year by a reputed third party entity and report of such audit shall be placed in public domain. 24. Re-grassing the mining area- The mining lease holder shall after ceasing their mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for growth of fodder, flora and fauna etc.
7	District Level Task Force Cell has been constituted vide Government order No.1569-GAD of 2018 dated 22.10.2018 to curb the illegal Mining Issues in the district and the rates of Minor Minerals including Sand in all the districts of J&K UT have been fixed by the District Administration of concerned District for regulating the Sale Price of Minor Minerals.	In this regard, it is to submit that the Government/Department has taken following steps to curb the menace of illegal extraction and transportation of minerals in the UT of J&K:- 1. The Government has constituted a "Multi Departmental District Level Task Force Cell" vide G.O No. 1569-GAD of 2018 dated 22-10-2018 under Chairmanship of Deputy Commissioner concerned wherein, the mandate of the Committee is to quantify material extracted on account of illegal mining and imposition of penalties, inspect mining belts w.r.t Title of Land, safeguarding of Ecology and Environment, identification of sites for e-auction, evaluate price/sale of the minerals at pit head etc. 2. The department has also constituted a Vigilance cum Monitoring Flying Squad/Enforcement team for Jammu/Kashmir Divisions vide order No. 107-JK(DGM) of 2024, dated 30.08.2024 to strengthen the surveillance on illegal extraction and transportation of Minor Minerals in the UT of J&K.

		3. This Directorate vide Notice No. 92/MCC/DGM/Taskforce/15/5956-59, dated 18.10.2021 have notified <i>Helpline No. for lodging any complaint</i> regarding over charging/cheating in this regard.
8	For proper Transportation of Minor Minerals, transportation challans with following security feature have been Introduced recently. - a) Unique Bar Code. b) Unique quick response code. c) Water Mark.	1. In order to bring transparency and ease of doing business, the Department has launched Online Web-portal (e-Challan/e-Market Place) on 24.08.2022 for sale and purchase of minerals online at notified rates for convenience of general public wherein current manual challan replaced with E-challan having secured QR Code, Water Mark, Validity of Challan and Unique Challan No. and Details of vendor/Lessee etc. through which Project Proponents/Mineral Dealer License Holders/Crusher Unit Holders and Short Term Permit/Quarry/Mining Lease Holders shall apply/submit/generate online Form-A for Transportation of Minor Minerals in J&K UT. 2. The Department through BISAG is developing Mine Surveillance System for Minor Minerals, being automatic software leveraging image processing technology which detects suspicious activities (Illegal Mining) within a range of 500m outside the mining lease boundary. This technology generates automatic triggers of unauthorized activities or any discrepancy, if found, is flagged-off as a trigger. 3. The Department is in process of initiating a proposal regarding on-spot imposition/ realization of penalties on violators involved in illegal mining through Point of Sale (POS) machines on the analogy of Traffic Department.
9	The Department has taken up the construction work of several check posts and in process to install Hi-Tech system with CCTVs to monitor the transportation of Minor Minerals including River Bed material in the J&K UT.	The Department has constructed 22 Mineral Check Posts at different entry & exit mineral check points in UT of J&K for monitoring the illegal extraction and transportation of Minerals.

10	Wherever the guidelines are violated, the action under section 21(4) and (5) is taken against the violators.	In order to regulate and monitor the illegal and transportation of minerals in the UT of J&K, the department has taken action against the illegal mining offenders under Section 21 (4) & (5) of MMDR Act 1957 and rules made thereunder. Besides, lodging FIRs against the habitual offenders. The year wise detail is as under:
