1	Annexure-C. List of Similar Assignments* completed in Last 10 Years	Note: The list of assignments mentioned should be substantiated with documentary evidence such as work orders/relevant pages of the contract agreement/ project completion certificates in a sequential manner	Please clarify if list of similar assignments could be substantiated through either of the following rather than all as outlined in REOI document. Work order or Relevant pages of contract or Project completion certificates	Any one of the document from the list indicated in the EOI document.
2	Annexure-D. Format for Financial Strength of the Applicant	Note: Copy of audited balance sheet and profit and loss account for the respective three financial years must be submitted along with summary as cover page on Consultant's letter head.	Our "Balance Sheets" and "P&L statements" are developed by certified accounts each financial year but as Alluvium is registered in Australia, it follows Australian Government regulations which do not require the company to produce audited accounts (see attachment A for further details on the relevant Australian Government regulations). As Alluvium is not legally required to produce audited accounts, we request that our annual accounts as prepared by a certified accountant are accepted as proof of our financial performance. Please note also that this explanation has been accepted for other National Hydrology Project and World Bank funded opportunities in the past. Using our certified accountant prepared "Balance Sheets" and "P&L statements", we have been successful in obtaining project work under the National Hydrology Project and also in being shortlisted for a large number of National Hydrology Project opportunities.	Agreed

3	Annexure-F: Declarations Annexure-G: Format for Power of Attorney for Signing of EOI Annexure-H: Format for Power of Attorney for Lead Member of Consortium	stamp paper	It is not a standard practice to use stamp paper in Australia for such declarations, instead we can get the documents attested by notary public if required.	Agreed
4	-	-	Kindly refer to your EOI for the subject project. In order to prepare comprehensive proposal, it is requested to kindly extend the submission date by 2 week's from the last date of submission.	Please refer to Addendum No.1
5	-	-	we request an extension of the EOI submission date by week from current submission date to i.e., 26th July 2022. We hope you will accept our request and look forward to your confirmation on the same.	Please refer to Addendum No.1
6	-	-	We are interested in submitting an application for ExOI titled "Water Balance Studies for Ganga River Basin" and request for an extension of the deadline for submission of response by at least one week (current submission date is 19th July 2022). We seek the above extension of time, as our Joint Venture partners are a foreign entity and will need additional time to fulfil the documentation requirement, apostille, etc.	Please refer to Addendum No.1
